## Issue Questions

### Question 1

Of the issues below, circle the one you feel is the most important matter facing our nation today.

- A. The war in Iraq
- B. Immigration
- C. Energy and the environment
- D. The economy
- E. Other

### Question 2

Circle the statement that best reflects your opinion on the Iraq war.

- A. The war in Iraq was a mistake, and the troops should be brought home immediately.
- B. The war in Iraq was a mistake, but now that we have made a commitment, U.S. troops should not be withdrawn until the Iraqi government can sustain itself.
- C. The U.S. was correct in invading Iraq and removing Saddam Hussein; the troops should remain in Iraq strengthening its new government.
- D. The U.S. was correct in invading Iraq and removing Saddam Hussein. The U.S. should use a similar strategy to deal with other potentially dangerous countries in the Middle East.
- E. I don't know.

### Question 3

Circle the statement that best reflects your opinion on immigration policy.

- A. The U.S. should have open borders to all those wishing to enter.
- B. The U.S. should protect its borders to prevent terrorists from entering, but anyone who is seeking work or who has relatives here should be allowed to enter legally.
- C. There should be strong restrictions on who may enter the U.S., but any illegal immigrants already living and working in the U.S. should be allowed to remain.
- D. There should be strong restrictions on who may enter the U.S., and all illegal immigrants already living and working in the U.S. should be deported.
- E. I don't know.

### Question 4

Circle the statement that best reflects your opinion on global warming.

- A. Global warming is over-hyped; there is no significant proof that the world is in danger.
- B. Global warming may be an issue in the future, but by that time, technological advancements will prevent it from causing serious harm.
- C. Global warming is a serious issue that we should address by reducing greenhouse emissions and using alternative energy sources.
- D. So much damage has already been done to the environment that only the most drastic worldwide measures would stop the effects of global warming.
- E. I don't know.
